**Michael Weitzman, Motivational Speaker**

Michael Weitzman has seen it all. A good education, enviable financial success in the mortgage instruments market, a beautiful home, a lovely family.

Then, a diagnosis of bipolar disorder changed his life.

But not the will nor the resilient spirit within.

It hasn't come easy, but Michael Weitzman has regained his life.

Michael will be here to share, educate, inspire and help us fight stigma.

All with a healthy dose of humor, Michael does it as a stand-up comic.
